

LUBE W 10 P

PRODUCT DESCRIPTION:	Paraffinic lubricant for enamelled wires.
PROPERTIES:	Protection against moisture and oxidation. Greater resistance to abrasion in the winding process, preventing damage to the wire by friction.
INDICATION OF USE:	Enameled magnetic wires.
CHARACTERISTICS:	<p>Code: 11985957 (18L) 11722413 (200L)</p> <p>Appearance / Color: Colorless liquid</p> <p>Specific weight: 0,72 ± 0,03 g/cm³ (ASTM D1475/98)</p> <p>Solids by Weight: 0,50 ± 0,20 % (ASTM D2697/03)</p> <p>Emergency form: ONU 1263</p> <p>Expiration date: 12 meses</p>
RECOMMENDATIONS:	<p>Keep in a cool place, away from ignition points.</p> <p>Keep the package closed after partial use.</p> <p>The application tank must be kept closed after use.</p> <p>Use in a location with good ventilation.</p>
SAFETY PRECAUTIONS:	<p>Before using this product, it is essential to read all the information contained in your chemical safety information document (MSDS), available on our website, informed at the end of this technical bulletin.</p> <p>The surface preparation, handling and use of paints during painting and drying, as flammable products, must be carried out in ventilated places, away from flames, sparks or excessive heat, using personal protective equipment (PPE) suitable for the stage to be performed.</p> <p>Contact with the skin can cause irritation.</p> <p>Ingested, do not induce vomiting. In case of contact with eyes, rinse them thoroughly with water. In any case, seek medical attention immediately.</p> <p>Do not smoke in the work area.</p> <p>Make sure that the electrical installations are perfect and that they do not cause sparks.</p> <p>Do not use solvent to clean the skin, hands and other parts of the body. To clean your hands, use alcohol and wash with water and suitable cleaning products.</p>
