## Safety Data Sheet

according to 29 CFR § 1910.1200, Hazard Communication Standard (HCS 2024)

### SECTION 1 Identification

#### 1.1. Product identifier

Product form : Mixture  
Trade name : POLITHERM 86 WFS R SM BEIGE W RAL 1001 BR  
Product code : 19230705

#### 1.2. Other means of identification

No additional information available

#### 1.3. Recommended use of the chemical and restrictions on use

Recommended use : Electrostatic powder paint for surface coating.

#### 1.4. Supplier's details

##### WEG TINTAS LTDA - GRUPO WEG

##### Guaramirim - Santa Catarina / Brasil

Rodovia BR 280 – Km 50, 6.918 – Bloco A. Caixa D'Água – 89270-000 - +55 (47) 3276-4000

##### Mauá - São Paulo / Brasil

Rua Dr. Ulysses Guimarães, nº 918 – Bloco A. Loteamento Industrial Coral 09372-050 – Fone: +55 (11) 4547-6100

##### Cabo de Santo Agostinho - Pernambuco / Brasil

Via VII, 314 Distrito Industrial DIPER – 54590-000 - Fone: +55 (81) 3512-3000

##### Betim - Minas Gerais / Brasil

Avenida Juiz Marco Tulio Isaac, 2994 Betim Industrial – 32671-198, Fone: +55 (31) 3268-0687 / +55 (31) 3268-0686

##### Macaé - Rio de Janeiro / Brasil

Rua Itacolomi, 528 – Quadra H – Lote 11 Cabiúnas – 27977-340

##### Atotonilco de Tula - Estado de Hidalgo / México

Av. Hidalgo, lote 40, 41, 42 y 43 - Parque Industrial Bicentenario, CP 42980 - Fone: +52 (55) 5321-4231

##### Buenos Aires - Provincia de Buenos Aires / Argentina

Av. José Melián, 2983 - Parque Industrial Burzaco, B1852 - Fone: +54 (11) 4299-8000

# POLITHERM 86 WFS R SM BEIGE W RAL 1001 BR

## SECTION 2 Hazard identification

### 2.1. Classification of the substance or mixture

#### GHS US classification

|                                                                |      |                                                                    |                    |
|----------------------------------------------------------------|------|--------------------------------------------------------------------|--------------------|
| Serious eye damage/eye irritation, Category 1                  | H318 | Causes serious eye damage.                                         | Calculation method |
| Skin sensitization, Category 1                                 | H317 | May cause an allergic skin reaction.                               | Calculation method |
| Germ cell mutagenicity, Category 1B                            | H340 | May cause genetic defects.                                         | Calculation method |
| Specific target organ toxicity — Repeated exposure, Category 2 | H373 | May cause damage to organs through prolonged or repeated exposure. | Calculation method |

Full text of H-statements: see section 16

### 2.2. Label elements

#### GHS US labelling

Hazard pictograms (GHS US)

Signal word (GHS US)

: Danger

Hazard statements (GHS US)

- : H317 - May cause an allergic skin reaction  
H318 - Causes serious eye damage  
H340 - May cause genetic defects.  
H373 - May cause damage to organs through prolonged or repeated exposure
- : P201 - Obtain special instructions before use.  
P202 - Do not handle until all safety precautions have been read and understood.  
P260 - Do not breathe dust, fume, gas, mist, vapours, spray.  
P272 - Contaminated work clothing must not be allowed out of the workplace.  
P280 - Wear protective gloves, protective clothing, eye protection, face protection, and hearing protection.  
P302+P352 - If on skin: Wash with plenty of water.

# POLITHERM 86 WFS R SM BEIGE W RAL 1001 BR

## Safety Data Sheet

according to 29 CFR § 1910.1200, Hazard Communication Standard (HCS 2024)

P305+P351+P338 - IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.  
P308+P313 - If exposed or concerned: Get medical advice/attention.  
P310 - Immediately call a poison center or doctor.  
P314 - Get medical advice or attention if you feel unwell.  
P321 - Specific treatment (see supplemental first aid instruction on this label).  
P333+P313 - If skin irritation or rash occurs: Get medical advice or attention.  
P362+P364 - Take off contaminated clothing and wash it before reuse.  
P405 - Store locked up.  
P501 - Dispose of contents and/or container to hazardous or special waste collection point, in accordance with local, regional, national and/or international regulations.

### 2.3. Hazards associated with known or reasonably anticipated uses

No additional information available

### 2.4. Hazards not otherwise classified

No additional information available

### 2.5. Unknown acute toxicity

No additional information available

## SECTION 3 Composition/information on ingredients

### 3.1. Substances

Not applicable

### 3.2. Mixtures

| Name                       | Product identifier | %      | GHS US classification                                                                                                                                 |

## SECTION 4 First-aid measures

### 4.1. Description of necessary first-aid measures

First-aid measures general : If you feel unwell, seek medical advice.  
First-aid measures after inhalation : If breathing is difficult, remove victim to fresh air and keep at rest in a position comfortable for breathing. Call a POISON CENTER/doctor if you feel unwell.  
First-aid measures after skin contact : After contact with skin, take off immediately all contaminated clothing, and wash immediately with plenty of water.  
First-aid measures after eye contact : In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.  
First-aid measures after ingestion : Do NOT induce vomiting. Rinse mouth out with water.  
Self protection of the first-aiders : First-aiders should pay attention to their own protection and use the recommended personal protective equipment (see section 8).

## Safety Data Sheet

according to 29 CFR § 1910.1200, Hazard Communication Standard (HCS 2024)

### 4.2. Most important symptoms/effects, acute and delayed

|                                     |                                                                                                                                                                                                                                                |
|-------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Symptoms/effects after inhalation   | : Dust of the product, if present, may cause respiratory irritation after excessive inhalation exposure. Although no appropriate human or animal health effects data are known to exist, this material is expected to be an inhalation hazard. |
| Symptoms/effects after skin contact | : None under normal conditions. Dust may cause irritation in skin folds or by contact in combination with tight clothing.                                                                                                                      |
| Symptoms/effects after eye contact  | : None under normal conditions. Dust from this product may cause eye irritation.                                                                                                                                                               |
| Symptoms/effects after ingestion    | : None under normal conditions.                                                                                                                                                                                                                |

### 4.3. Indication of immediate medical attention and special treatment needed, if necessary

No additional information available

## SECTION 5: Fire-fighting measures

### 5.1. Suitable (and unsuitable) extinguishing media

|                                |                                                          |
|--------------------------------|----------------------------------------------------------|
| Suitable extinguishing media   | : Water spray, earth, sand, dry chemical powder or foam. |
| Unsuitable extinguishing media | : Do not use a heavy water stream.                       |

### 5.2. Specific hazards arising from the chemical

|                  |                               |
|------------------|-------------------------------|
| Fire hazard      | : No fire hazard.             |
| Explosion hazard | : No direct explosion hazard. |

### 5.3. Special protective equipment and precautions for fire-fighters

|                                |                                                                                                                                                                |
|--------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Firefighting instructions      | : Fight fire with normal precautions from a reasonable distance. Do not enter fire area without proper protective equipment, including respiratory protection. |
| Protection during firefighting | : Wear recommended personal protective equipment.                                                                                                              |

## SECTION 6 Accidental release measures

### 6.1. Personal precautions, protective equipment and emergency procedures

|                  |                                                                                             |
|------------------|---------------------------------------------------------------------------------------------|
| General measures | : Stop leak if safe to do so. Notify authorities if product enters sewers or public waters. |
|------------------|---------------------------------------------------------------------------------------------|

#### For non-emergency personnel

|                      |                                                                                                                                                         |
|----------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------|
| Protective equipment | : Wear recommended personal protective equipment.                                                                                                       |
| Emergency procedures | : Evacuate area. Only qualified personnel equipped with suitable protective equipment may intervene. Notify fire brigade and environmental authorities. |

#### For emergency responders

|                      |                                                               |
|----------------------|---------------------------------------------------------------|
| Protective equipment | : Equip cleanup crew with proper protection.                  |
| Emergency procedures | : Evacuate unnecessary personnel. Stop leak if safe to do so. |

|                           |                                     |
|---------------------------|-------------------------------------|
| Environmental precautions | : Avoid release to the environment. |
|---------------------------|-------------------------------------|

### 6.2. Methods and materials for containment and cleaning up

|                         |                                                                                                                                    |
|-------------------------|------------------------------------------------------------------------------------------------------------------------------------|
| For containment         | : Stop leak without risks if possible. Using a clean shovel, put the material in a dry container and cover without compressing it. |
| Methods for cleaning up | : Take up mechanically (sweeping, shovelling) and collect in suitable container for disposal.                                      |

For further information refer to section 8: "Exposure controls/personal protection"

# POLITHERM 86 WFS R SM BEIGE W RAL 1001 BR

## Safety Data Sheet

according to 29 CFR § 1910.1200, Hazard Communication Standard (HCS 2024)

### SECTION 7 Handling and storage

#### 7.1. Precautions for safe handling

|                                   |                                                                                                                                                  |
|-----------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------|
| Precautions for safe handling     | : Keep only in original container. Do not handle until all safety precautions have been read and understood. Wear personal protective equipment. |
| Hygiene measures                  | : Do not eat, drink or smoke when using this product. Always wash hands after handling the product.                                              |
| Additional hazards when processed | : Not expected to present a significant hazard under anticipated conditions of normal use.                                                       |

#### 7.2. Conditions for safe storage, including incompatibilities

|                     |                                                                             |
|---------------------|-----------------------------------------------------------------------------|
| Storage conditions  | : Protect from sunlight.                                                    |
| Packaging materials | : Always store product in container of same material as original container. |

### SECTION 8 Exposure controls/personal protection

#### 8.1. Control parameters

No additional information available

#### 8.2. Appropriate engineering controls

|                                  |                                                |
|----------------------------------|------------------------------------------------|
| Appropriate engineering controls | : Ensure good ventilation of the work station. |
|----------------------------------|------------------------------------------------|

#### 8.3. Individual protection measures, such as personal protective equipment

##### Personal protective equipment:

Wear recommended personal protective equipment.

|                                                                                                       |
|-------------------------------------------------------------------------------------------------------|
| <b>Hand protection:</b>                                                                               |
| Protective gloves                                                                                     |
| <b>Eye protection:</b>                                                                                |
| Wear security glasses which protect from splashes                                                     |
| <b>Skin and body protection:</b>                                                                      |
| Wear suitable protective clothing                                                                     |
| <b>Respiratory protection:</b>                                                                        |
| Where exposure through inhalation may occur from use, respiratory protection equipment is recommended |

## Safety Data Sheet

according to 29 CFR § 1910.1200, Hazard Communication Standard (HCS 2024)

|                                                 |                               |
|-------------------------------------------------|-------------------------------|
| Melting point                                   | : No data available           |
| Freezing point                                  | : No data available           |
| Boiling point                                   | : No data available           |
| Flash point                                     | : No data available           |
| Flammability (solid, gas)                       | : No data available           |
| Vapour pressure                                 | : No data available           |
| Relative vapour density at 20°C                 | : No data available           |
| Relative density                                | : No data available           |
| Density                                         | : 1.37 g/cm <sup>3</sup>      |
| Solubility                                      | : Not soluble in water alone. |
| Partition coefficient n-octanol/water (Log Pow) | : No data available           |
| Auto-ignition temperature                       | : No data available           |
| Decomposition temperature                       | : 300 °C                      |
| Viscosity, kinematic                            | : No data available           |
| Explosive limits                                | : 50 – 70 g/m <sup>3</sup>    |
| Particle characteristics                        | : Particle size : 25 — 60 µm  |

### 9.2. Data relevant with regard to physical hazard classes (supplemental)

No additional information available

## SECTION 10 Stability and reactivity

### 10.1. Reactivity

The product is non-reactive under normal conditions of use, storage and transport.

### 10.2. Chemical stability

Stable under normal conditions of use.

### 10.3. Possibility of hazardous reactions

None under normal use.

### 10.4. Conditions to avoid

Extremely high or low temperatures. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.

### 10.5. Incompatible materials

No additional information available.

### 10.6. Hazardous decomposition products

Under normal conditions of storage and use, hazardous decomposition products should not be produced.

## SECTION 11 Toxicological information

### 11.1. Information on toxicological effects

|                             |                     |
|-----------------------------|---------------------|
| Acute toxicity (oral)       | : No data available |
| Acute toxicity (dermal)     | : No data available |
| Acute toxicity (inhalation) | : No data available |

### SECTION 16 Other Information

according to 29 CFR § 1910.1200, Hazard Communication Standard (HCS 2024)

| Full text of hazard classes and H-statements |                                                                   |
|----------------------------------------------|-------------------------------------------------------------------|
| H301                                         | Toxic if swallowed                                                |
| H317                                         | May cause an allergic skin reaction                               |
| H318                                         | Causes serious eye damage                                         |
| H331                                         | Toxic if inhaled                                                  |
| H340                                         | May cause genetic defects.                                        |
| H373                                         | May cause damage to organs through prolonged or repeated exposure |

| Abbreviations and acronyms |                                                                                                 |
|----------------------------|-------------------------------------------------------------------------------------------------|
| CAS-No.                    | Chemical Abstracts Service number                                                               |
| ADN                        | European Agreement concerning the International Carriage of Dangerous Goods by Inland Waterways |
| ADR                        | European Agreement concerning the International Carriage of Dangerous Goods by Road             |
| BCF                        | Bioconcentration factor                                                                         |
| EC50                       | Median effective concentration                                                                  |
| LC50                       | Median lethal concentration                                                                     |
| VOC                        | Volatile Organic Compounds                                                                      |
| LD50                       | Median lethal dose                                                                              |

## Safety Data Sheet

according to 29 CFR § 1910.1200, Hazard Communication Standard (HCS 2024)

| Abbreviations and acronyms |                                              |
|----------------------------|----------------------------------------------|
| DMEL                       | Derived Minimal Effect level                 |
| DNEL                       | Derived-No Effect Level                      |
| COD                        | Chemical oxygen demand (COD)                 |
| ATE                        | Acute Toxicity Estimate                      |
| IMDG                       | International Maritime Dangerous Goods       |
| IATA                       | International Air Transport Association      |
| EC-No.                     | European Community number                    |
| vPvB                       | Very Persistent and Very Bioaccumulative     |
| WGK                        | Water Hazard Class                           |
| IOELV                      | Indicative Occupational Exposure Limit Value |
| BLV                        | Biological limit value                       |
| TRGS                       | Technical Rules for Hazardous Substances     |
| TLM                        | Median Tolerance Limit                       |
| IARC                       | International Agency for Research on Cancer  |

Safety Data Sheet (SDS), USA - weg

Important information, but not specifically described in the previous sections: This MSDS was prepared based on current knowledge about the handling of the product under normal conditions of use, according to the application specified on the packaging and recommended usage in Section 1 of this MSDS. Any other use of the product involving its combination with other materials, as well as forms of use different from those indicated, are the user's responsibility. The company advises that the handling of any chemical substance requires prior knowledge of its hazards by the user. In the workplace it is responsibility of the company user of the product to provide training of its employees and contractors about the possible risks arising from exposure to the chemical. We reserve the right to change the information contained in this document without prior notice, due to the improvement and continuous evolution of the product and technical knowledge.
