

## Nameplate Photo Guidelines

Please refer to the guidelines below to ensure a quality photo of the nameplate being sent in for warranty.

A clear photo of the nameplate must be taken; please do not scan an image of it as this might cause the information on the nameplate from being clearly visible.

### CORRECT ✓

- Clear photo
- Information visible
- Close up of nameplate

### INCORRECT ✗

- Blurry image / bright image
- Information cannot be read
- Nameplate too far from camera
